- Warmth Level: All Season / Light
- Size Range: Twin / Full / Queen / King
- Color: White / Grey / Camel
- Care: Machine Washable
- Highlight: waffle weave microfiber comforter, lightweight quilted bed blanket, full queen textured comforter

Product Description

The waffle weave microfiber comforter brings a designer texture to an accessible price point, combining visual depth with everyday practicality. The shell uses a 3D waffle or pique weave that creates a grid of raised squares across the surface, lending the comforter a refined, spa-like appearance that stands out on shelves and in lifestyle imagery. A 200gsm polyester fill provides light, breathable warmth suitable for year-round use in temperature-controlled homes. The quilted construction secures the fill evenly, and the microfiber face resists wrinkles and static, keeping the product looking crisp with minimal care.

Key Features

- **Dimensional Waffle Texture:** The raised waffle grid adds tactile and visual interest, giving the comforter a premium, spa-inspired look that differentiates it from plain microfiber products.
- **Lightweight All Season Warmth:** A 200gsm fill offers gentle insulation that works across seasons, making the product an easy year-round core item for retailers.
- **Soft Microfiber Face:** The brushed microfiber shell feels smooth and cozy, providing comfort similar to higher-priced cotton products at a competitive cost.
- **Wrinkle and Static Resistant:** Microfiber resists creasing and static cling, so the comforter looks neat and fresh on the bed without ironing or special handling.
- **Even Box Quilting:** Quilted stitching keeps the fill stable and evenly distributed, maintaining consistent loft and preventing shifting over time.
- **Value Driven Construction:** The efficient material mix delivers a strong perceived value, ideal for mid-market bedding ranges and high-volume marketplace sales.

Technical Specifications

Parameter	Specification
Shell Fabric	100% Microfiber with Waffle Weave
Fill Material	100% Polyester, 200gsm
Texture	3D Waffle Pique
Construction	Quilted Box Stitch
Warmth Level	All Season, Light
Available Sizes	Twin, Full, Queen, King
Standard Color	White, Grey, Camel
Care Instruction	Machine Washable, Tumble Dry Low

Applications

This waffle weave comforter fits modern, minimalist, and Scandinavian-inspired interiors and is well suited to mid-market home textile programs across Europe, North America, and Asia. It works as a lightweight layer for guest bedrooms, kids' rooms, and apartments, and is equally appropriate for hotels and guesthouses seeking an affordable textured upgrade. The spa-like waffle surface also supports wellness and hospitality branding, allowing retailers to merchandise the product within spa, bath, and relaxed-living collections to increase cross-sell opportunities.

Packaging & Quality Assurance

Each comforter is folded and inserted into a poly bag with a printed insert card showing the waffle texture and care details, then packed into export-grade corrugated cartons for shipping. Compression packing is available to reduce freight volume on large orders. Quality control checks weave consistency, fill weight, quilting accuracy, and color uniformity, with final inspection before dispatch. Custom colorways, printed bands, and hangtags can be produced for OEM and private-label buyers, and approval samples are supplied before bulk production begins.
